

# CASHPoint Pay

Front Office Payment System

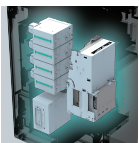

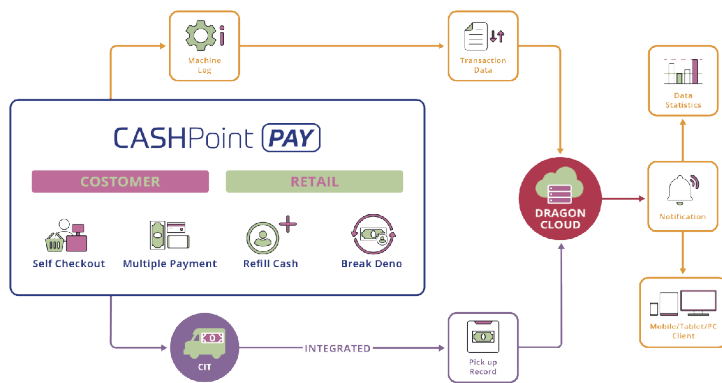

# Smart and Innovative Solution for Retailer Cash Management

CASHPoint Pay consists a banknote recycler and a coin recycler which is designed to meet cash automation demand of small-mid size retailers. It allows the retailers to accelerate cash transactions, less cash exposure and minimize cash shrinkage so the customer relation can be focused and improved. Supports CIT pickups and 24-7 monitoring to secure and optimize business operations.

## Operation Flow

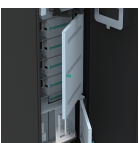

Note Recycling Drums : 70 pcs each, total 4  
 Note Deposit Cassette : 1000 pcs  
 Coin Recycling : 800 pcs  
 Coin Deposit Box : 3000 pcs

7" touch display along with thermal printer and barcode scanner. This is optional depending on the site requirement.

Note bundle feeding up to 30 notes / feed  
 Coin feeding accepts up to 100 coins / feed

Separate doors for individual authorities so CIT can be engaged into the operation and not exposing the cash inside the recycling area.

Cloud solution to trace transaction and cash inventory. In addition it provides event notification so status of machines are all monitored in real time.
